Feedback on team dynamics:

1. How effectively did your group work together?

We worked together well, always communicated and did things on time.

2. Were the behaviors of any of your team members particularly valuable or detrimental to the team? Explain.

Jack is very knowledgeable and always communicated with me effectively. He had a lot of strategies he wanted to try and always worked with me well.

3. What did you learn about working in a group from this project that you will carry into your next group experience?

Working with someone who has a different mindset than you is great and seeing how someone else sees things differently can help shift your perspective on certain situations.
